

DANCE @ HOME PROGRAMS

Zoom Live Classes - How-to-tutorials - Weekly Challenges -
Teacher/Student Band Chat

DDA - Determined to Dance

We are determined to provide quality dance education, training and community to all students - no matter if In Studio or @home! Our dance@home programs are a combination of live online dance instruction and extra added value in form of how-to-tutorials, student-teacher chat rooms, fun weekly dance challenges and much more to keep our dancers active!

Band - The App for Groups

Band is our secure communication platform for our virtual dance studio as a whole and for each separate class. Band class pages will have challenges for students, how-to-tutorials, links to our live Zoom classes, fun themed activities for younger age groups and a chat feature for teachers and students to stay in touch!

The Zoom App

ZOOM is the video chat platform that we are using for our **weekly live scheduled classes**. If you signed up for one of our Short Term dance@home classes, this class and any other live interactive moments with your dance teacher will be happening via Zoom. Zoom is a fantastic way to safely deliver live dance instruction right into your home!

Schedule & Registration for 2020/2021 Short Term
In Studio & dance@home classes available September 14!
